Bac-D Kit

\$39.00 \$27.00
You Save: \$12.00

Personalize your protection against bacteria 24/7 with the Bac-D Kit. Safe and easy to use, the Bac-D kit swiftly eliminates illness-causing bacteria and defends against future growth for months. It's the only trio of EPA registered products proven to offer long-term reduction of germs and bacteria on everyday surface and washable fabrics. For home, work, school and travel, the Bac-D Kit works non-stop to proactively stop harmful bacteria.

SurfaceClean: Cleaner/Disinfectant. Powerful cleaner disinfectant that eliminates 99.9% of bacteria and germs. Effective against illness-causing microorganisms like staph/MRSA and H1N1. 16 oz.

SurfaceAide XL: Antimicrobial Treatment. For all surfaces and equipment. One application inhibits the growth of bacteria, mold and fungi on any surface for up to 90 days. 16 oz.

FabricAide: Antimicrobial Treatment. For all your washable fabrics. One application inhibits the growth of bacteria, mold and fungi and continuously defends against odor for up to 30 washes. 16 oz.
